- (1) Packages are available for members only; if you can access to any grant program, the CEC packages will apply the same way. If a company do not use the entire package the rate gap will be invoiced according to the real number of hours used in the package
- (2) We require a signed contract with the reference contact to deal with when buying a package. A deposit of 20% is also required. For the packages of more than 30 hours, the CEC will try to optimize the hauling fees in spreading them with some other members in the area.
- (3) The company can spread over 1 year the usage of the package. A confidentiality agreement will be signed.

**Conditions of the CEC for its services:**

A minimum of 15 minutes will be invoiced for phone call supports and a minimum of 3 hours for onsite consulting unless you are one of our members. Any amount outstanding within the prescribed period (net 30 days) will bear interest at the rate of 2% compounded from the due date until full payment. In case of default of payment for a period of 90 days or more, legal recovery procedures may be undertaken without further notice or delay.
